

### Sale Prices Must Be Cash Prices

Since the prices during this sale are near cost, and below cost in many cases, and since one of the objects of this sale is to provide ready cash for the bills of fall merchandise which will soon begin to arrive, we must insist on the rule of CASH ONLY FOR GOODS AT SALE PRICES.

## Shoes

There is not a greater stock of shoes in Ogden and the entire stock is included in the sale. The aisles will be filled with table bargains and if our past experience is an indication of the manner in which these will sell, they will be closed out as fast as the tables can be refilled.

All infants', children's, misses', boys' and men's shoes are to be offered, no difference when they arrive—or how salable; the desire is to make the clearance as complete as possible.

An added reason for the desire to make a complete clearance of the shoe stock is the fact that the management has recently changed and the new management will try to replace the old stock with an entirely new one.
